Style Guide/ Definition of Done

User Story DoD Criteria:

- Unit tests passed
- Code reviewed
- Product Owner accepts the User Story
- Pull request is submitted
- Another developer merges branch with master

Four Rules of Simple Design:

- All tests must pass
- Code contains no duplication
- Code is self-explanatory
- No superfluous parts

Style Guide:

- Safe: It can be used without causing harm.

- Secure: It can't be hacked.

- Reliable: It functions as it should, every time.

- Testable: It can be tested at the code level.

- Maintainable: It can be maintained, even as your codebase grows.

- Adhere to standard conventions

- High cohesion and loose coupling

- Communicates intentions

- Effective and clear comments

- Use indentation when necessary

- Avoid duplication

- Create explanatory variables with meaning

- Function names have purpose

- Functions have one purpose
